# A MESSAGE FROM OUR EXECUTIVE DIRECTOR

As many of you know, our organization has long embraced the belief that "there is no health without mental health." This guiding principle has been at the heart of our mission, driving us to support and uplift our community through advocacy, education, and providing the right help at the right time.

The past year has been one of significant change and reflection for our organization. In May of 2022, our CEO of 13 years left the organization. In response to this transition, our board of directors took a thoughtful and deliberate approach to envisioning our future. We were committed to ensuring that our next steps would not only honor our past but also set a strong foundation for our future.

This year, we revisited our organizational strategic plan to enhance accessibility to education for our community, strengthen our programmatic impact, and ensure we are effectively meeting the needs of those we serve. To achieve this, we have made several key additions to our team, including a Director of Data and Evaluation to help us better understand and respond to community needs, and a new Director of Finance to guide our fiscal strategies.

We are proud of the strides we've made in expanding our reach and enhancing our services. This year, we achieved recognition as a continuing education provider through the National Board of Certified Counselors. Our Erase the Stigma program has launched a complimentary online Train the Trainer curriculum, now available to schools and organizations statewide. We have also prioritized staff retention and a positive work environment, reinforcing our commitment to excellence. With a clear vision and actionable plan, we are excited to continue our journey and build on our successes in the coming season.

As we move forward, we are committed to rigorously analyzing evidence, actively engaging with our community, and continuously aligning our mission to address gaps and meet the evolving needs across Middle and West Tennessee. We continue to look for new, innovative ways to reach more individuals in our community, providing them with the right help at the right time. By providing the right education so that individuals know where to turn for support, we can enhance outcomes and make a profound impact across our state.

Thank you for your continued support and dedication. It is with your partnership that we are able to strive towards a future where mental health is prioritized and accessible to all.

With hope for what is to come,

Amber Hampton, LCSW  
Executive Director  
Mental Health America of the MidSouth

ADULTS & CHILDREN  
IN TENNESSEE ARE  
EXPERIENCING A  
MENTAL HEALTH  
CHALLENGE

# ABOUT US

Founded in 1946, Mental Health America of the MidSouth serves as a resource for thousands of individuals across Middle and West Tennessee annually, teaching that while mental illness is real, it is treatable, and no one should face their struggles alone. Through education, training, and support, we are committed to building a community where stigma is eradicated and help is always accessible.

Our programming is extensive, from guiding caregivers through the journey of memory loss and empowering students to foster mental wellness and prevent bullying, to suicide prevention and training educators, therapists, and first responders. We work tirelessly to provide the right information at the right time, proving that the right education and support can transform lives and help people face life's toughest moments with confidence and strength.

By offering essential mental health screenings, resources, education, and community support, MHA bridges gaps in care and fosters resilience and well-being throughout all stages of life. Your support is crucial in ensuring that every individual in our community receives the help they need to promote their own mental health and wellbeing to live their happiest and healthiest life.

Committed to fostering community resilience and mental health equity, Mental Health America of the MidSouth advocates for mental wellness and support services for those impacted by mental health conditions and to ensure we build a community where everyone can thrive.

# OUR PROGRAMS

## CAREGIVER SUPPORT

Provides one-on-one educational sessions and resources to family caregivers caring for a loved one living with dementia and provides skills training to long-term care professionals for better outcomes.

## ERASE THE STIGMA - YOUTH

Our innovative school-based program strives to break down stigma that surrounds mental health and teaches students about managing bullies, bad days, big feelings and emotions, finding trusted adults, and other topics.

## MULTICULTURAL OUTREACH

MHA's Spanish-speaking case managers connect unaccompanied minors and their families with mental health, financial, education, legal, and other vital resources here in the MidSouth.

## MENTAL HEALTH SCREENINGS

Free and anonymous online mental health screening providing resources and education for individuals who may be experiencing a mental health challenge and assisting them in finding next steps.

## EDUCATION AND TRAINING

MHA concentrates on various mental health topics, providing community education to enhance and maintain positive mental well-being. Moreover, we offer specialized training programs for professionals including social workers, therapists, counselors, lawyers, healthcare providers, and others involved in mental health support.

## SUICIDE PREVENTION

Training is available at no cost to provide participants with the necessary skills to prevent suicide within communities. Additionally, MHA houses a Zero Suicide Initiative. This evidence-based program helps healthcare systems enhance client outcomes and implement comprehensive suicide prevention strategies.

# PROGRAM HIGHLIGHTS

## CAREGIVER SUPPORT

"Her help has taken a weight off my shoulders. It feels like I have fresh air in my lungs"  
-Anonymous Caregiver

1,493

Caregivers Reached

"She validated my feelings and concerns. I think this is a very valuable resource to the community. It helps to know I'm not in this alone."  
-Anonymous Caregiver

## ERASE THE STIGMA YOUTH

STUDENT INCREASE  
IN KNOWLEDGE

Students showed a 95% increase in mental and social emotional knowledge from our Erasing the Stigma Youth presentations. This is measured through a pre and post test evaluation with a numerical scale.

15,693

Students grades K-12  
Trained in Mental  
Health Awareness  
through ETSY

## MULTICULTURAL OUTREACH

MHA's Spanish-speaking case managers provide comprehensive services, connecting unaccompanied minors and their families with community resources such as mental and physical health services, legal consultations, and school enrollment.

480

Minors Served

## MENTAL HEALTH SCREENINGS

41,733

Total Screenings  
Completed

These free and anonymous online mental health screenings provide local resources and next steps for individuals who may be experiencing a mental health challenge.

# PROGRAM HIGHLIGHTS

## CONTINUING EDUCATION

This fiscal year, we provided training to social workers, professional counselors, nurses, lawyers, peers and more. MHA is now an approved provider through the National Board of Certified Counselors. Courses are offered on our online learning platform.

# 1,185
